JPK FTP Site

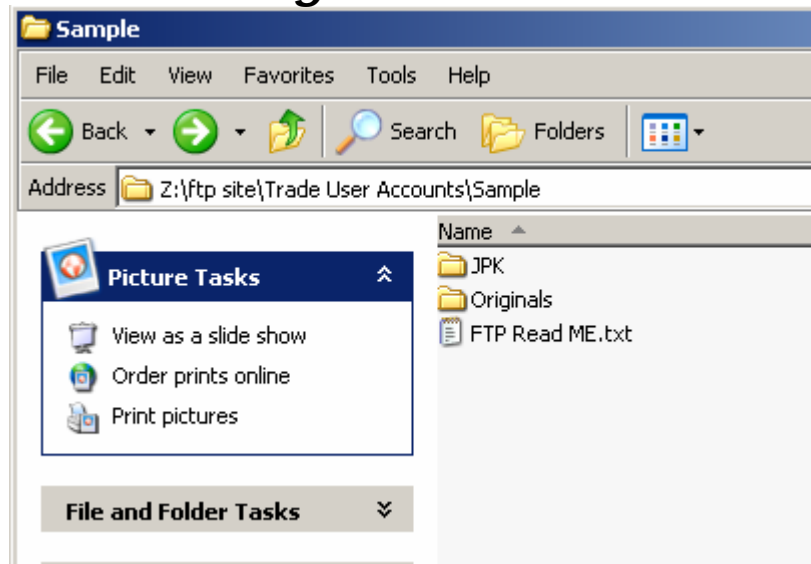

rev: 11-18-09

How It Works...

File Transfers

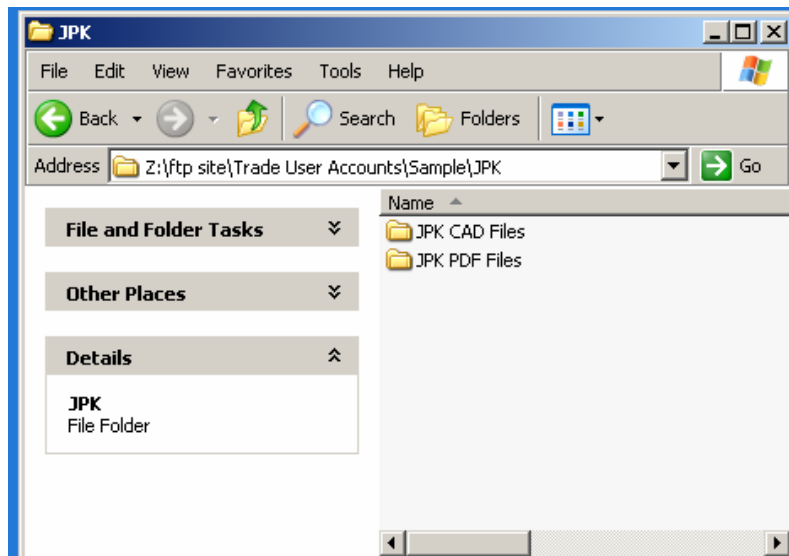

Once logged on, you have both the options of **uploading** your files to JPK or **downloading** our completed and posted files to your computer.

Downloading Our Files to Your Computer

Open the JPK Folder...

you will then see the sub folders for your file uploads...

There may be subfolders for the types of drawings developed for your job. Just follow the folders to the right drawing and copy to your computer.
